

TARGET-TILE is Montolit's new hole-centring guide, designed to ensure a more precise, stable and controlled start when drilling tiles and compact surfaces.

Main features:

- Eliminates initial drill-bit slipping.
- Precise and controlled drilling start.
- Quick suction-cup attachment.
- Movable and adjustable suction cup for maximum adaptability.
- Compatible with 5, 6, 8, 10 and 12 mm drill bits.
- Ideal for drilling close to edges.
- Aluminium and stainless steel construction.
- Greater precision and operational safety.
- Also suitable as a guide for drilling larger-diameter holes.
- Compact and easy to carry.
